

About Centrica Business Solutions

We help organisations balance the demands of planet and profit, by delivering integrated energy solutions that help you to become a sustainable business.

We are divided into three business areas:

1. Supply

We partner with businesses to supply energy and help them to use it sustainably

- **156k** business energy supply customers

2. Services

We help organisations decarbonise, reduce costs and improve energy efficiency with on-site energy solutions

- Our solutions are deployed in **68** countries

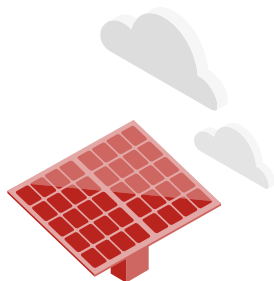

3. Assets

We invest in low-carbon assets to build our sustainable energy future

- We are building a **900MW** portfolio of solar and battery storage assets

Energy solutions

Our integrated energy solutions can help you manage costs, stay resilient and decarbonise.
